## Agriculturists Invited To An Important Meet

State Speakers Will Present Topics of Interest to Growers and Packers

Growers and shippers of fresh vegetables in the Lake Okeechobee area will meet at the Belle Glade Hotel, Belle Glade, Tuesday night, February 15. The meeting, which was called by R. Y. Creech, district director of the Florida Fruit and Vegetable Association, will begin at 7 p.m.

The purpose of the session, Mr. Creech said, will be to present to farmers and packers the many important laws now pending before Congress that affect agriculture, and get their ideas on what they want the Association to do on their behalf. "Some of the proposed laws will add greatly to the cost of producing and marketing our products," Mr. Creech said. "I hope that Mr. Monte Graw, manager of the Florida Fruit and Vegetable Association to attend and explain the bills that are now before the Congress. This is an extremely important meeting, and everyone is urged to attend and present his views."

## Texas Freezes Help Out Local State Growers

This week saw fine growing weather in the Florida Vegetable section, and the marketing products are doing finely, but a bit of rain would not be amiss to still increase the favorable conditions.

Local packing houses, men and their families, all over the nation, and all sellable merchandise, is being snapped up and disposed of quickly, the only drawback is that there is not enough to go around for everything need at come up to expectations of the thousands of visitors. One needed an entire day to make their way around all the exhibit halls, and (Continued on page 5)

State Board Makes Adjustment on Fares For Florida Buses

To scramble the bus fare situation in Florida, The State Railway and Utilities Commission, which was to be effective Feb. 15, found that the fifty miles of travel will be at the rate of two cents a mile; and a graduated scale up to 500 miles, of one and half cents per mile. Bus operators will soon issue a new schedules of fares.

The Texas freeze losses have practically knocked that state out of the marketing picture for the time being. The freeze was an almost record one in the past quarter of a century, and everything had to be done for everything need at come up to expectations of the thousands of visitors. One needed an entire day to make their way around all the exhibit halls, and (Continued on page 5)

California Visitor Here

Mr. A. C. Lessing, a former resident of Sanford, but who for years has been a resident of California, has arrived in Belle Glade to spend some time with his son, a policeman and Mrs. N. B. Wilder.

He noted the very fine weather we are experiencing in comparison to the cold snap that he escaped in his adopted state. He can hardly realize the area in which the Glades area has experienced since he last visited it.

Local interests several years ago have been instrumental in working in persuading the State Live Stock Commission to erect one of its five stations here, and it was from appropriate contributions from the state and local contributions, that the site has been improved as it now stands.

Hope is that during the years, that this will be an outstanding fair for the state and local contributions. Announcement of the details for the fair will be issued by the Farm Bureau in very near future.

Hans Win and Lose in Basketball Games

The Belle Glade Golden Ram basketball tossers won and lost a game over the weekend, winning from the Lake Worth team by a score of 38 to 32. The last game was a nip and tuck contest, with the extra period when the latter was managed to flip in three goals.

Other school games of the week resulted as follows: Paideia, 36; Boynton, 28; Riverside, 30; Palm Beach, 16; Stuart, 53; St. Ann's, 19; West Palm Beach, 45; Lake Worth, 39.

Enjoy Fishing Party At Fishing Creek Over Lakeport Way

A company of West Palm Beach and Belle Glade people, a portion of whom Sunday over noon, 1949, who enjoyed a picnic dinner and an afternoon of fishing, finding the latter very good. Those in the company were Mr. and Mrs. Carmichael and Miss Carmichael, Mr. and Mrs. H. H. Hendry, Mr. and Mrs. R. M. Matthews and Mr. and Mrs. M. Matthews of Belle Glade.

Noted Program Made For Citrus Show at Winter Haven Feb. 14-19

The press agent for the Central Florida Citrus Exposition announces same will open its 1949 at Winter Haven on Feb. 14, 15, 16, 17, 18 and 19, the week, and that there will be "something doing every minute."

The management has secured several top notch attractions including the Bob Hope Show, the Hint and Hunt show from the CBS network, and the Royal Crown shows for the big midway attraction.

On Wednesday the management gives a dinner in honor of Nathan Mayo, Florida Secretary of Agriculture at the Haven hotel and in the evening at the Armyer will be held a dinner in honor of the Governor. On Friday a dinner will be rendered to Governor Fuller Warren and other state officials and invited guests; and in the late evening hours and Saturday morning comes the annual Press Breakfast for the Florida newspaper men.

The purpose of the session, Mr. Creech said, will be to present to farmers and packers the many important laws now pending before Congress that affect agriculture, and get their ideas on what they want the Association to do on their behalf. "Some of the proposed laws will add greatly to the cost of producing and marketing our products," Mr. Creech said. "I hope that Mr. Monte Graw, manager of the Florida Fruit and Vegetable Association to attend and present his views."

The Florida Legislature will begin its biennial session April 5. Mr. Graw and Joffre David, of the FFVA shippers division, have been invited to assemble the several items of legislation that will probably be presented to that body by the vegetable industry, or which will be offered by others. They include a bill amending the laws with reference to the recruitment and transportation of farm workers by crew leaders; strengthening the bonding laws when itinerant produce buyers are licensed; floor and ceiling appropriations for agricultural research and extension work.

Mr. Creech points out that the 1949 Legislature will have before it many matters that are of vital concern to the vegetable grower and shippers, and now is the time for them to make their wishes known. Members of the Legislature from this area have been invited to attend.

Dwight Herban Buried at Old Home Redidele, N. C.

The Berry funeral home, on Friday, shipped the body of Dwight L. Herban, of Belle Glade, to Redidele, N. C., for burial. Herban had been in Belle Glade for some time and was employed as a painter and had his home in Northmore, but had no immediate relatives in this section but those on in North Carolina.

## Mason Swiss Bell Ringers Appear In-Concert Tonite

The nationally known Swiss Bell Ringers, consisting of the Rev. and Mrs. Bernard Mason, of Los Angeles, California, will present a most unusual and unique sacred concert at the Community Methodist Church, Friday, February 11th, at 8 P.M.

The program will consist of familiar hymns and gospel songs played on a large array of musical instruments rarely heard on any concert platform. Some of the instruments to be used are as follows: — Swiss Hand Bells, Musical Glasses, Sina Saw, Golden Vibraphon, the world's largest set of Triple Octaves Chimes and the instrument of the "Vicent Theremin". The latter instrument has no key-board, strings reeds or pipes and responds to the player's hand's response to it in space without being touched. This instrument must be seen and heard to be appreciated.

There will be no admission charge to this concert but a freewill offering will be received.

Ladies Day at Country Club Today

All ladies who are members of the Country Club of the Everglades and their guests will meet for a covered dish luncheon at the Club today. Golf and card games will be played during the afternoon.

## Blue Ribbons Are Obtained By Two Local Exhibitors

Future Farmer Boys Have Gala Time at Tampa Fair on Annual Visit

Palm Beach County was well represented at the Tampa State Fair, on Saturday, February 11th, when both the Belle Glade Chapter of the Future Farmers of America and 35 from the Paideia chapter, participated in the program of the day, which was known as Future Farmer Day.

A drizzling rain during the morning cut short some of the events, altho the around 6000 boys did not seem to mind or care for the rain, as they went about their duties.

Following a short address by State officials, leaders in the Future Farming group, and the awarding of honors, the blue capped lads were given their freedom, expected such a day, to go about their cattle and producing judging.

The men charged with the publicity work of the fair, did not use those descriptive adjectives needed in describing the activities of the boys, but a bit of rain would not be amiss to still increase the favorable conditions.

Local packing houses, men and their families, all over the nation, and all sellable merchandise, is being snapped up and disposed of quickly, the only drawback is that there is not enough to go around for everything need at come up to expectations of the thousands of visitors. Local Men Draw Scout Sentences

James J. Josephy, who was arrested on a charge of breaking and entering in Criminal Court at West Palm Beach, was sentenced to serve two years at Raiford prison. Bobby Lee Jones, who did not know it was his duty to furnish a key to an Indian with his pocket knife, but he found this out when the judge gave him a prison sentence.

Flowers lovers from Clewiston, Pahokee, Canal Point, as well as Belle Glade attended in large groups.

Good Carnival Is Promised By New Fair Association

The South Shore V. F. W. Fair, sponsored by the Belle Glade Post will start Monday night, February 12th, at 6:00 o'clock. The Fair Management, R. E. Jordan, as new commissioner and R. D. Lyons was appointed as manager and treasurer district 11, of Glades County, and consists of many thousand acres of land. Steps were taken to do additional dredging and rebuilding of other damages by recent floods.

With flood control the main feature and crops in the background, the Glades should receive much favorable publicity to the east coast visitors.

Central Florida Field and Crops Need Rain Badly

One making a leisurely auto trip from the Glades to the Tampa area can now get a full picture of the early January freeze which burnt down the cattle range grasses. Pastures are not coming back to the green stage very rapidly and need of rain is still a major problem in this section. Citrus groves can be seen covered with dropped fruit, and in the Lake Placid and Bartow section grove owners have been forced to irrigate their plantations with water from a central pumping station. Strawberries are doing better than some of the other fruits, altho the dryness is cutting down the red berry cutting.

The Prell's Broadway Shows carry riding shows and Rides, and many new shows, some of which are the New and Sensational Ride the "HIGH BALL". Others you will see are the octopus, caterpillar roller coaster, Fly-O-Plane, Merry-go-round, Ferris Wheel, and many others.

Guest Honor Floyd Wilder on His Natal Day Anniversary

Mrs. Floyd Wilder entertained at dinner Wednesday evening honoring his husband on his thirty-first birthday.

Guests were Mr. and Mrs. I. M. Donald, Mr. and Mrs. R. D. Lyons, Mr. and Mrs. W. M. Wilder, Mr. and Mrs. George Booth, and R. L. Wilder.

Scouts Prepare To Run City

In last week's election, the first Boy Scouts chosen to act as city commissioners during Scout days were Henry Lee, Senior Troop 22; Fred LeFils, Jr., and Lammie Hunt, Trop 22 and Morton Rashley and Joe Lester, Trop 22.

At last organizational meeting Tuesday night, Rashley was chosen as mayor and park commissioner. Fears will be vice-mayor and street commis-

Softball Games To Be Staged At Paradise Park

As a result of action and approval of the City Commission, on Wednesday night, future softball activity will be transacted at the new softball field property to a new diamond and field in Paradise Park. The proposed new diamond will be more central and more convenient to the patrons and players.

It was presented to the Commission that the organization was in the formation to handle the winter softball league, which would install the lights, bleachers, and do much of the work on the playing diamond and supervision during playing periods.

The promoters are sanguine that from four to ten teams can be formed, similar to the local baseball teams at the school grounds the past year, and a fair better attendance would be possible.

In order to provide the selected field, the city will need to do some re-arranging of present diamonds and do some land filling. Playing of softball is expected to be underway by the first week in March.

Renamed to College Board For New Term

James A. Bell, of Belle Glade, on Tuesday, was re-appointed to the Advisory Board of the Glades Junior College, by the County Board of Public Instruction, for a three year term.

School of Floral Art At the Country Club

Undoubtedly, those who missed the School of Floral Art last Tuesday lost a wonderful opportunity of seeing and hearing Mrs. J. L. Weller, performing. All during the demonstration of arranging one floral group after another, she kept up in her charming manner, a chat of amazing and interesting data, giving a definite knowledge that everyone could understand.

Using "what was at hand" (which is Mrs. Weller's motto), and what Everglades usually consider more shubbery, than great dead branches, etc., with a few others, Mrs. Weller amazingly produced this material before one's eyes into interesting and beautiful arrangements one is not often privileged to view outside picture shows, a study worthy of any artist's brush, however renowned.

The school was sponsored by Belle Glade Garden Club under direction of Mrs. L. L. Jones, arrangement chairman, Mrs. Harold Riedel, poster chairman, and Mrs. Ivan Horn, ticket chairman. This was the first of a series of lectures, the Garden Club plans another school on "Flower Shows", and on "Color Harmony."

During her stay in Belle Glade, Mrs. Weller was the guest of Mrs. R. Y. Creech, Sr., Mrs. W. H. Hooker, Mrs. Herbert Beck, president. Flowers lovers from Clewiston, Pahokee, Canal Point, as well as Belle Glade attended in large groups.

Citrus groves can be seen covered with dropped fruit, and in the Lake Placid and Bartow section grove owners have been forced to irrigate their plantations with water from a central pumping station, but now under lease to Wayne Browning, who has given a 60 day notice to vacate.

The house's location shuts off water to the entire farm. This with the fact that a road intersection at the south end of the bridge, leading to the Hillsboro pantation, causes a real danger trap to exist.

The Hillsboro Pantation has turned out one of its safety maintenance men to make a survey for the placing of safety signs in a more convenient location than now exists.

When corrections at this dangerous bridge and road intersection are made, there will be a lot more calmness in the heart of Belle Glade citizens, women in particular. The Chamber of Commerce will try to keep right on the ball until such improvements are a fact.

Miller Clan Hold an Outing at Flamingo Creek on Sunday

A family reunion picnic was enjoyed Sunday by the Miller clan and kin at Flamingo Creek, those in the party were Mrs. Red Miller, Mrs. G. L. Miller, Mr. and Mrs. Clayton Miller, Mary Lou and Flossie Miller, West Palm Beach, Mrs. C. B. Higginbotham, Mrs. Mrs. L. Miller, Linda and Mrs. Miller, Mrs. O. E. Miller and daughter Shirley, all of South Bay, Lucy Miller of Statesborough and Dick Miller of Moore Haven.

Moose Haven to Have Movie Theater Back

Marvin Tidwell, business man of Arcadia, has purchased land owned by A. J. Richmond, of Belle Glade, located near the town of Moore Haven, for a \$10,000.00 movie picture house. Work is to be started in the proposed new structure in the very near future.

The town seat town of Moore Haven has been an amusement theater since 1938, and is now on fire again. The new theater was to be erected in Lakeland.

McGregor Smith Emphasizes Need Of Flood Control

Early Commencement Of Overall Program Vital To Area

McGregor Smith, President of the Florida Power and Light Co., visited Belle Glade Wednesday with Dick Hill, Zone Manager of West Palm Beach, and P. P. DeMoya, Glades manager, in attendance. In a interview on Flood Control, he emphasized the importance of the early beginning of the program in this area.

"We are fortunate in the Glades," said Mr. Smith. "That is the early work well done by the Engineers through the diversion of flood waters from the north and the West. The East Coast, also is fortunate that diverting the flow of flood waters away from the congested areas along the coast is also important."

"It is of prime importance to secure the proper legislation in Tallahassee as early as possible in order that the Engineers can begin their work."

The whole State will benefit from the project as supported by the Engineers, and certainly our legislators will realize that early action is essential.

"Our Company spent last year

25 millions in improvements and has a program that calls for twenty-two and a half millions for this year. The Overall Flood Control Program means protection of the communities by us, and most certainly will stimulate our Company towards continuing major improvements in our own capital structures in Florida."

Newcomers Club To Meet On Monday

The first meeting of the Newcomers Club will be held at the Community Club house on Monday evening at 8:00 o'clock.

All new residents in the community are invited to attend. Mrs. J. I. Freedlund, hostess of the Welcome Wagon, will preside.

New Work Should Cut for the Blind

R. L. Thompson, industrial counsellor for the Florida Department of Rehabilitation, who is in charge of the Florida State Council for the Blind, has announced that the Ribbonworker Corporation of America, here, will cooperate with his department in the employment of blind persons on their factory assembly line.

Himself blind from early childhood, Thompson has just completed a study in the Ribbonworker plant, during which he personally worked at various positions on the assembly line. He will determine the different types of work that could be satisfactorily handled by blind persons.

A graduate of Harvard, Thompson taught in the Perkins Institute for the Blind, in Woburn, Mass., before he was employed by the state of Florida four years ago, to head up the rehabilitation department's field work. His headquarters are at Tampa.

The State Game and Fish Commission in securing the services of commercial fishermen to supply the Department with breeding and stocking fish for other waters of the state, consider it a great advertising for old Lake Okeechobee. There are many waters in the state which could be developed, as it is the only lake which has an overstock of game and pan fish. The Commission also points out that by reduction of smaller fish, which are voracious eaters, it makes for better fishing. In addition, the past season have had mighty good fishing.

## Glades To Have Exhibit In County Industrial Show

Flood Control Program To Be Featured During Month Of March

P. P. DeMoya of Paideia, as Chairman of a Palm Beach County Resources Board Committee, has announced that the Glades to have an exhibit in the County Industrial Show.

The defendants in the suit were filed in the Circuit court in West Palm Beach, one for \$50,000 and the other for \$10,000. As an aftermath of an automobile accident, Mrs. Belle Glade, on March 23rd, 1948, in which Dr. Thomas Hart, a retired dentist of Danbury, Conn., was killed and his car demolished.

The defendants in the suit are Mr. and Mrs. Page Huffy, and their son, George, and the Huffy Farms at Nine Mile bond on the West Palm Beach road, and the plaintiffs are Mrs. Edith Hart, the widow, and Mrs. Besie Cross, co-executrix of the Hart estate.

The accident was caused by a truck driven by a colored man employed by the Huffy farms.

It was decided that the truck, 10 x 30 feet, would display a relief map showing the immediate project for the Palm Beach County, which was to be held in a large building at Moore Haven.

The Huffy Farms, which has been in operation for many years, is the largest in the Glades area.

It was the first of the year, the early January freeze which burnt down the cattle range grasses. Pastures are not coming back to the green stage very rapidly and need of rain is still a major problem in this section. Citrus groves can be seen covered with dropped fruit, and in the Lake Placid and Bartow section grove owners have been forced to irrigate their plantations with water from a central pumping station, but now under lease to Wayne Browning, who has given a 60 day notice to vacate.

## News Of Belle Glade Negro Schools

By Negroes—For Negroes

### School is Host To Spelling Bee Contest

The Negroes will held the sixth Wednesday evening, February 2, because of the Glades Spelling Bee Elimination Contest that was held in our school. Competition was strong, for Glades Negroes were here to carry backs to their respective schools and communities. This determination was mutual, for all boys and girls desired to keep some of the honor for themselves. In the end the school came off with two prizes; Daniel Carty won first prize for being the best fourth grade speller in the Glades, and James Jasper walked off with the prize for being the second best fifth grade speller.

Out hats are off to these two spellers, and we wish for them the best of luck in the Spelling Bee Finals to be held March 11, and which will place the best Negro from the Glades against the best spellers from the coastal area.

the Lodge, with Spence Whittlelock, the husband of Margaret the only sister, also filling a chair.

The parents of these eight brothers and one sister, Mr. and Mrs. Fred W. Kirchman of Chosen are long time residents of the Glades and the children are natives, if not by birth, then by "rearing."

The Lodge unanimously passed a memorial to the parents of this clan. This will be spread on the minutes of the lodge as well as appropriately framed and presented to Dad and Mother.

Following the closing of the Lodge, Mrs. Whittlelock, the sister joined the brothers and sisters were taken. The officers of the Lodge also joined a group picture.

Elmer, the youngest of the Kirchmans was initiated Monday night along with O. D. Taylor.

The second anniversary of the Lodge was celebrated with Alex Arnette, of West Palm Beach as Guest Speaker. Mr. Arnette directed his remarks to the newly initiated candidates, and the Lodge was invited to be free with their compliments to the Lodge itself on its accomplishments in the short two years since organization.

Spider Linrose, the Steward presided beautifully at the supper table, serving the members.

Exalted Ruler Charles Pickless with members Harvey Barnes and Kenneth Coleman were visitors from the Ft. Pierce Lodge. Rev. A. J. Lively, Chaplain of the Phahokee Lodge followed that chair during the initiation ceremonies.

## School News

By Betty Lou Powell

### Date Set for Senior Class Play

The date for the Senior Class play entitled "Night Must Fall," a mystery by Elmer Williams, will be presented Thursday, February 19th, in the High School Auditorium. At fifteen o'clock. An admission of one dollar for adults and fifty cents for students will be charged. A matinee will be held on Saturday, February 20th, at the same time. The elementary children are especially urged to attend this and will be admitted for thirty-five cents. The cast has been practicing hard for the past month or two so it really ought to be excellent. Tickets will be on sale all next week so be sure and get them early.

### Skating Party

The junior class sponsored a skating party at the skating rink on Saturday, February 11th. The skating started at seven thirty and lasted until nine thirty which was followed by dancing until twelve. An admission of fifty cents was charged. Not too many stayed for the dance but the skating party was a big success.

### Junior Red Cross Council Sponsored Movie

The Belle Glade High School Junior Red Cross sponsored a movie on Saturday, February 11th, at the H. G. Theatre entitled "When My Baby Smiles at Me," starring Betty Grable and Dan Dailey. An admission of fifty cents for adults and four dollars for students was charged. The Junior Red Cross received half of the admission fee, not including tax, for all of the tickets that they sold.

### Band to Play for Negroes

The Belle Glade Band went to Moore Haven Saturday to take part in the opening of a new road, and a Bass Day Celebration, and later were served refreshments in the new school which was the crowning of the band that night. Among the many events which took place and which the band enjoyed the most was the crowning of the world's Air Force technical schools rate high. Yes, ears and hearts, by training for training, the band has given its time, labor and costs. Remember, this education costs you nothing.

### Chairs Cleaned Uniforms

The Belle Glade Club now has uniforms and the Rythm band's uniforms are rapidly being made ready in the Home Economics Department of the Everglades Vocational High School. The uniform consists of a Sam Brown belt, metal badge, blue gabardine overalls caps trimmed in orange, raincoats for traffic helpers and felt arm bands, large with its tiny little people.

Each night a free attraction will take place in the center of the town featuring the Great "Parbush Tramp" in a spectacular performance on top of a high platform in the air on a slender pole.

Special arrangements have been made with the School Board, the parents and the Rythm band to have uniforms made ready in the County of Palm Beach for Saturday, February 19th, from 10 A.M. until 6 P.M. Admission to the Gates to All People's Free Fair will be to all children and children's parents. Gates will be reduced in price to all children during those hours.

### Cadet Exam to Be Given Again

Another Aviation Cadet mental examination will be administered by Captain Harold A. Williams to the USAF and AFAC Recruiters at Main Post, 25 NE Third St., Miami, on February 10 and 11.

All interested applicants between the ages of 20 and 26 1/2, single or married, and who have two years of general or able to pass examination, are invited to report at the recruiting office at 8 A.M. on either of the above dates. If further information

is needed, call the local recruiting sergeant at the Post Office, Belle Glade.

MISS THOMAS IS BRIDE OF BENNIE RICHMOND

In a beautiful candlelight service, Miss Mary Louise Thomas, daughter of Mr. and Mrs. G. Thomas of Clewiston, became the bride of Benny Argie Richmond, son of Mr. and Mrs. A. J. Richmond, at the First Baptist church of Clewiston on Friday at 7:30 p.m. The Rev. Herman Daniel performed the double ring ceremony.

Palms and large bouquets of pink and white gladioli formed the background for the altar which was flanked with branched candelabra holding cathedral tapers and each window of the church framed a white taper.

The traditional nuptial music was given by Miss Gertrude Glisson, organist, of Lake Worth.

The bride, who was given in marriage by her father, wore a gown of pastel pink satin fastened with net yoke and bertha embroidered with crystal and pearl beads. Her skirt extended to the floor and her head and her veil was of pink illusion.

She carried a bouquet of white carnations and pale pink roses centered with a white orchid and shimmered with lily-of-the-valley. Her jewelry was a white gold wrist watch, a gift from the bridegroom.

Matron of honor was Mrs. James Hilton Faulkner, III who was gowned in lime green taffeta with matching bonnet, and carried a bouquet of carnations and roses. Bridesmaids were Mrs. William P. Hill, Jr., and Miss Louise Prevett who were gowned alike in grey taffeta with matching bonnets and carried carnations and roses with satin streamers.

Best man was William P. Hill, Jr. and ushers were D. C. Arnette, Ray Kent, Herb Felpelman all of this city, and James H. Faulkner, III of Clewiston.

Mrs. Thomas, mother of the bride, chose a gown of American beauty crepe with pink accessories and a corsage of roses, and carried a bouquet of carnations and roses with satin streamers.

Immediately following the service, a reception was held at the Clewiston Inn. The bride's table was centered with the three tiered wedding cake topped with miniature bride and groom, and encircled with pink and white snapdragons in asphalt tins. The favors in small containers in crystal holders were arranged at each end. The tea table was set with silver tea and coffee services and white candles in silver candlesticks.

## SCOUTS PREPARE

Continued from page 1 since as a result of the recent Hunt will serve as police commissioner. Levee will be building and sanitation commissioner and LeFils as commissioner in charge of water works.

Other Scouts appointed to Troop 14 are: Tom Troop, pastor, superintendent; Bill Aspby, Senior Troop, street superintendent; Jimmy Herring, Senior Troop, fire chief; and Ronald Jones, Troop 88 & Bob by, Troop 22, assistant; Edward H. Senter, Troop 14, police chief and Adrian Resley, Troop 88, and Buster Dean, Troop 22, assistants; Jerry Burry, Troop 88, building superintendent; and Bobby Kent, Troop 22, superintendent of water works.

The Commission also appointed Johnny Price, Senior Troop, city judge; Kenneth Kirkman, Troop 22, attorney; and Peter Seal, Troop 88, city clerk.

At the regular commission meeting Wednesday night, the five Boy Scout commissioners were issued certificates of office and sworn in by Mayor Harris.

The Scouts will run the city from 8:00 A.M. 'til noon tomorrow, during this period a city commission meeting will be held and each Scout chosen for his work will work with his committee in the city government.

The purpose of this program is to acquaint the boys with the activities and responsibilities of government.

Georgia peach growers are not anticipating a heavy crop this year, owing to the fact that the warm weather did not give the trees a long enough dormancy stage. Many of the bearing trees were in bloom in January and February, killing along, blossoming, and killing most of the bloom. The Georgia peachmen were most pleased when the ICC turned down the request of carriers for an increased trucking rate. Perhaps Georgia growers will be fortunate such an order from the ICC.

The proposed Wage and Hour Law changes, has stirred up shippers in every line of business and the ICC, if it puts its changes into effect, is sure to get some sections, especially in the Florida sugar fields, assert that ruination would be facing operators if changes are made.

There were many old and new things to see and become interested in all along the lines.

The agricultural displays made the most impression. The exhibits were not only well planned, but beautiful, in the manner in which their crop displays were arranged. Pasco, Manatee, Polk, Hernando, Pinellas, Hillsborough exhibited, showing that Florida in its central counties was a great production area.

It would take reams of paper to describe what one could see, but suffice it to say, entirely it was the largest and best fair yet held in the park along the Hillsborough river and Tampa University grounds.

Pavilions were packed, grand stands were filled, the gates were filled all the afternoon and up to mid-night closing an estimated 65,000 being present on Saturday.

Belle Glade Man

Takes Honey Prize

Floyd C. Markham, of Belle Glade, competing for the first time in the honey display competition, old and new, from Summerfield, Clearwater, Blountstown, Dunedin, Tampa, Chieley, was an amazed man when the Judges came around and placed the Gladie area as the first prize on the display. Markham had a beautiful and attractive display of his Thistle, Orange and Palmetto grades of honey. Besides being awarded the first prize, Markham booked a place in the Open C's, and placed the Gladie area as an excellent one for the apiculture business.

Kenneth Harris Cattle Winner  
Kenneth Harris, one of our F. F. Of A. boys, a small boy, but when he found his steer, a bull, an 18 month old Brahman bull, had taken first place in the Open C's, and third in the F. F. Of A. contest, that smile went from ear to ear, and he was shown with congratulations only by his cattle friends. But the stockmen also.

Kenneth's animal in the open was contesting against the leading entries from some of the leading stockmen in the state, and this made his win all the more important for it exchanged the public knowledge and monetary value of his sire. This animal was purchased from the Seeger's farm at Orlinton, about a year ago, and has been given wonderful grooming by the youthful owner.

The writer was aboard the big school bus, which was loaded down with the last of White's Warren at the wheel, the reliable and competent driver. Starting out the lads were well heeled with money, and they spent it too, but on the check up at the starting line, it was rather amazing to learn how many deficits there were, or shortages for the day's eats. Those boys did some pretty close and shrewd financing.

To the way over, out the last, the lads had brought out a bunch of candy, which was snapped up in a two minute auction; but to cap the business deal, another foreighed lad unearthened a box of assorted sandwiches, which sold as high as 30 cents in the auction. At Seeger's a road side fruit stand gathered in a lot of coin from our boys for juice, drinks, candy and fruit. With two musical instruments, a picke up from the fair, band musicians, kept the big home enlivened! with plenty of music.

The group from Belle Glade, I'm 'ear, was made up most of the young boys, mostly of the country, making their first long trip from home. But having had their fair outfit; never saw a bunch of lads who seemed to be happy to get home. They even did not want to stop for eats, the gurus, the dandies, came from the boys who were strapped.

All the Future Farmer Groups were housed at the Drew Field barracks, they coming from every direction of the state, Broward, Glades, Dade, Martin, Indian River, St. Lucie and Okeechobee counties were represented.

Aside from the recreational feature of this great trip, value to the boys, and what was also full of educational they did not see at the big fair was not worth seeing.

The boys in their conversations, talked about the girls, cattle, chickens, minnows, produce in, and automobile, had some of the car production firms had their public representatives present they would have learned a lot about the goings on in the futures of their cars, with there was a division of favor as to cars.

Changes Requested  
In Federal Wage  
Hour Labor Law

Amendment of the Federal

Wage and Hour Law to re-moved doubt in application of its extension for employees of retail and service establishments would aid many Florida employers in complying with the law's minimum wage and overtime pay requirements.

This was asserted here by James M. Patton, Inspector Supervisor of the Wage and Hour and Public Contracts Division, U. S. Department of Labor, who pointed out that Wm. R. Patterson, Administrator of the Division, urged the Congress to act in this respect.

The exemption, Mr. Patton said, is applicable to "any employee engaged in a retail or service establishment which sells or services in intrastate commerce." Accordingly, two requirements must be considered: (1) the establishment must be a retail or service establishment, and (2) the greater part of selling or services must be "in intrastate commerce."

Mr. Patton said the Divisions

with respect to determining whether the second requirement is met, will have encountered problems in determining whether an establishment is a "retail or service establishment" within the meaning of the Wage and Hour Law. In order to eliminate these problems, Mr. Patterson, during the Division's tests, have applied tests to determine establishment's activities. While they generally have been upheld by the courts, the tests are not legally binding and some problems of interpretation remain.

For these reasons, Mr. Patton pointed out, Administrator McCormick recommends in his annual report to the Congress that "By amending the Wage and Hour Law to that used in the tests applied by the Divisions in determining the eligibility of an establishment for the exemption, doubt raised about the application of the tests in varying situations in administration of the act may be removed."

Negro Drowns While Wading Out to Get Ducks

A negro field hand working on the Stein Rabbi farm last week was accidentally drowned during the noon hours rest period. Ben Graham, age 65, had his gun along and decided to go hunting after his work was done. He got some birds for his supper. He brought down two, went after one and brought it back. In the effort to reach the second bird he either fell into the canal or stepped into a hole and drowned. His fellow workmen reported that he threw up his arms and disappeared and never came up.

Chief of Police R. C. Payne and Deputy Constable Raymond Moore were summoned; also the coroner George A. Williams of Belle Glade.

The victim was reported here as the preacher in charge of the Lake Harbor, Bear, Bean and Belle Glade negro churches.

## If It's Blended! It's Splendid!

### Blended Insecticides Insure Complete Kill

For an even kill throughout the field, super blended pesticides are the best means available.

The old method of mixing too often resulted in improper distribution of the pesticides throughout the carrying agent.

This uneven distribution results in more than is needed falling on parts of the field while too little or none fall on the other part, giving an incomplete kill. When this happens, a second spraying or dusting is often necessary.

This obvious waste and inefficiency is eliminated when blended pesticides are used. You not only get better crop protection, but you save money by making additional sprayings unnecessary.

The next time you buy insecticides or fungicides, protect yourself by using STUCKEY'S SUPER-BLEND Brand.

All Stuckey Pesticides are Blended At no Additional Cost

SELF - INTEREST

When a company reports how much profit it made—supported by the opinion of a Certified Public Accountant—how can you be sure his judgement isn't influenced by the management's optimism or conservatism?

Can a man be independent of the person who pays him? Will self-interest conflict with independence?

An independent auditor, the Certified Public Accountant, finds that self-interest strengthens independence. He can be fully useful to the client who pays his fee, only if the audit increases the reliability of the financial statements in the eyes of bankers, investors, and others interested.

In this case, self-interest dictates "how to the line, let the chips fall where they may." The CPA's career is endangered if there is any loss of confidence in his work.

The ethical codes of the State and National professional Societies of Certified Public Accountants are based on this conception.

Interested readers are invited to write for the pamphlet "Why C.P.A. Standards Are Important to You." Address the Manager, Director, P. O. Box 2422, University Station, Gainesville, Florida.

## OBSERVATIONS

Continued from page 1  
take the time in consideration, and there have been more out of state Waltons fishing with us than in the history of the lake.

Many organizations, political and civilian, are scratching their heads and digging into the question of how and from where the money can be raised to carry on the state wide conservation program, so vital to the Glades. Information will soon be made and studied by those having this mountainous problem, but it will be accomplished in the long run.

Revelation in forestry is on the up in Florida according to the state forest commission and the U. S. Forest Service. Many of the schools through their Four-H and Future farmer clubs, have taken on studies of Forestry and conservation. The call for competent instructors in the work is on the increase. The movement is also strongly stressing the fish pond program, as farmers, say nothing of the an added source of income for sport to be enjoyed in catching the finny tribe members. A V. F. W. club is also in development but sometime in the future some one is going to reap the profit from the mature trees.

Up in Sanford, which is a rural produce market to Belle Glade, operators are now working under an approved plan, to better advertise their section and its produce, along lines which the U. S. Forest Service has presented to our Chamber of Commerce and other organizations. Report is that the plan is working out in a pleasing and successful manner.

Game and commercial fishing causes annual expenditures amounting to around 60 millions of dollars. A big portion of this comes from out of state tourists pockets.

The new Delray-Boynton high school which the Board of Instruction is to build this summer for that area will bear the name above indicated. The negro citizens of Belle Glade, who have long and patiently waited for a decent school plant, will be a happy bunch of people, when their children can be going to school in a modern built and equipped building.

Organizations of all church denominations are making big showings in the way of building new churches, hospitals and nurseries, homes, parsonages, church school annexes, that run into the millions of dollars. Church membership is increasing, endowment gifts are increasing in number and size, so the church people see an ever advancing and fuller future in the religious world.

Bill Graber has of late been a little more than usual careful about his farm operation, for he is a son of Senator Jacob Graber, of Hartville, Ohio, who have been putting the scrutinizing eye on farm matters. Enjoyed a mighty pleasant conversation with the senior Graber, for he lives in the same section, where my grandmother helped raise me when I was a small kid, on vacation periods.

St. Valentine's day comes on Monday the 14th, if you have picked out your valentine selection to send to the wife, the daughter, son or some

sick or confined to the house with the traveling and visiting public?

I find that the "little Woman" likes a bunch of flowers or a box of good candies. Don't put your purchase off until you forget to get it, you will be sorry. Mrs. McLean Brown, of Belle Glade, who are the managers, you ever take time to read that day. Did you know that women folk are the ones who are the managers of the finest schools in the history of St. Valentine?

It is a human interest story, and the monk was sainted because he though in kindness of and to his fellow men.

The sand pile which has been dumped on the proposed new sight of a bank building some day, is property of the City. It is there for the topping off of oilled streets. Wind has swept away quite a bit of the original.

Report is that Rev. I. E. Enlow, of the Baptist church, enjoys the fishing pastime and throws a wicked "plug". The domine's cold box usually has a good supply of lake trout in it.

Bean picking will soon begin in progress, will not be unwelcomed.

With all the automobile manufacturing concerns coming out with new 1949 cars, with the new developments and changes, John P. Jones is having an awful time to decide which he should buy. All the leading cars have features which appeal to the buyers.

Report is that Mr. Norton, Tourist Apartments, which the Jones boys recently placed in operation, are proving very popular.

The law officer forces of the Glades cities showed the most activity in the year just gone up.

When they are seeking a really wanted man, in the work they did in gathering in Jewell, the colored rapist and armed robber, Pahokee, Belle Glade, South Bay, and couples of District 18, deputies, sheriff, and 18, deputy sheriffs, road patrolmen, Clewiston police were all

on the hunt. Chief Justice George Williams went along and identified Jewell as a man who had been in his employ several years ago. Jewell confessed his crimes, and will be like

ly be charged with armed robbery, which is a crime which carries a heavier penal sentence than that of criminal assault.

A young man seeing Ed. Living down their street with a fisherman, asked him what he was going, and Ed. replies, fishing. The fellow then asked Ed. if he had "worms", an Ed. replies, "Yes, but I am going fishing anyway."
